Dear Friends in the Class of 1991:

How very quickly these past four years have passed! There are yet so many lessons to be learned. As you begin life-after-high-school, it is my sincere prayer that the values and principles which you have experienced here at The Mount will serve you well in your future challenges.

The M.S.J. microcosm has provided a realistic glimpse of our world. There are many hurting people in our world ... your healing touch is needed. Natural resources are diminishing ... we look to your unselfish respect in conserving and nurturing them. Respect for human life is deteriorating ... your leadership is needed to help restore the sacredness of life reality. The sense of loneliness is growing ... our world awaits your presence and your love.

Yes, Class of '91, "we keep thanking God for all of you and we remember you in our prayers, for we constantly are mindful before our God and Father of the way you are proving your faith, and laboring in love, showing constancy of hope in our Lord Jesus Christ." (1 Thess 1:2-3)

Thank you for all that you have done for our school community. You may be sure of a continued remembrance in my prayer.

Blessings,

*Sister Shirley*

I remember the gleams and glooms that dart  
Across a school-boys brain;  
The song and the silence in the heart,  
That in part are prophecies, and in part  
Are longings wild and vain.  
And the voice of the fitful song  
Sings on, and is never still:  
"A boy's will is the wind's will,  
And the thoughts of youth are long, long thoughts."

There are things of which I may not speak;  
There are dreams that cannot die;  
There are thoughts that make the strong hearts weak,  
And bring a pallor into the cheek,  
And a mist before the eye.  
And the words of that fatal song  
Come over me like a chill:  
"A boy's will is the wind's will,  
And the thoughts of youth are long, long thoughts."

## Quality starts with our people . . .

Every day, thousands of pilots around the world depend on our people and their attention to the aircraft engines they work to produce.

It's the people who work at Rutland's GE who keep us on top. Their dedication, pride, and teamwork combine to make us the premier manufacturers of precision airfoils for military and commercial aircraft engines in the world.

# YEARBOOK STAFF

## LAYOUT

Front: Co-Editors Patty Beauchamp, Theresa Shanahan, Brandy Kelley. Back: Mrs. Jarvis (Adviser), Jenna Notte, Bridget Fitzgerald, Diane Hill, Maureen Shanahan.

We, your editors, would like to extend our sincere gratitude to all those who made our yearbook possible. Thank you, Mrs. Jarvis, Mrs. Canales, and the yearbook staff. Without your time and patience, none of these previous pages would have been made possible.

Our final thoughts echo the words of William Butler Yeats: "When you are old and gray and full of sleep and nodding by the fire, take down this book, and slowly read, and dream of the soft look your eyes once had, and of their shadows deep . . ."
